We publish in another column the pro readings of a public meeting in Jefferson county in which it is intimated that politics has something to do with the effort to oust Col. Hancock from the Presidency of the Agricultural Associauon. The meeting is correct. It is an effort of Know Nothingism to wound Col. Hancock because he dared to vote the Democratic ticket. PHELPS-I mean without serious objection The course proposed to be pursued by the gentleman from Pennsylvania was contrary to precedent, with one exception, and that was an exception to the rules. I refer to the Naw Jerey contested election case.

The Speaker observed that the objection being

He did

Campbell—I have done my duty.

Grow, in reply to Phelps, said the course he proposed was not unprecedented, and there were strong cases in the books to justify it. In that of the New Jersey contested election neither set of delegates were admitted until the committee on elections, after two or three months, reported. This medicine is prepared entirely from vegetable substances; the most delicate stomach can bear it conveniently, and it is given with perfect safety, in minute doses to the most tender infants, its properties being of a strengthening and invigorating nature. It is neatly put up in bottles, with ample directions for use.

The following testimonials from some well known and respectable citizens of Philadelphia, are fully corroborative of the tried efficacy of the Anti Dyspeptic Elixir.

Attetsation. We, having used William's Anti-Dyspectic Elixir with the most perfect satisfaction and success, take great plea-sure in recommending it to all persons suffering with Dys-pepsia, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pain and uneasiness, and imparting a healthy tone to the stomech.

This list of names could be extended to almost any length, but the foregoing is deemed sufficient. Testimony of Mr. Michael Dunn, Superintendent of the halacelphia Exchange, corroborative of the efficacy of Villiams's Anti-Dyspeptic Elixir. PHILADELPHIA, March 16, 1853.

Doctor James Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly addicted with its symptoms, than within the last few weeks. Indigestion, nervous irritability, despondency, a sense of weight in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Forthautelly, I was recommended by a friend to try your Elixir. I did so, and in less than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with mental and bodily health, were fully restored. To methecure seemed atmost mirror actions, and my object in writing to you is—a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy.

I am, dear sir, yours truly.

In calling the attention of dealers in our line in this market, we would state that during the last six months our attention has been directed to getting up a large number of new Stove and Grate Patterns, which, added to our already large stock, gives us one of the most extensive and diversified assortments in the western market. Among the number, we would refer to our "Ashland Kentuckian" Cook Stove, (three sizes out.) These Stoves have grea a weight of metal, highly finished and elegant in appearance. They combine all the modern improvements that practical experience has developed.

We would invite dealers to call and examine for themselves, and we think in quality, price, &c., they can be suited. Having enlarged our manufacturing department, we can promptly meet all demands. Thankful for the patronage which has been so kinkly bestowed upon us, we trust, by strict and prompt attention to all orders, to secure a continuance of it. And the quality of our manufactured work shall be, as heretofore, equal it not superior to the best, and satisfaction given in all casees.

ON PHISIOLOGY AND POTHOLOGICAL ANATOMY. C. Urban, Esq.: Dear Sir—We take pleasure in expressing our entire satisfaction in the utility of your Salamander Safes, of which we had two in use atour Liquor and Rectifying e-tablishment, on Sycamore street, at the late severe conflagration. Surrounded by the most combustible material, and remaining for nearly two days in the burning ruins, our suprise was beyond description in finding, after opening said Safes everything in good order. In tendering to you our sincere gratification, we do not hesitate to recommend your Safes to those in want of Such an article, as we know from experience that they truly are what they represente be, "fire proof." We remain very truly yours.

ON MATERIA MEDICA AND THEREPEUTICS.;

Cincinnati, Oct., 1833.

I would call the attention of my friends and the public in general to the above letter, handed to me by Messrs. W. B. & Co., extensive liquor merchants. It is well known by the Cincinnati public that several of my Safes, of different sizes, have stood, of late, every severe tests. Among others, I would refer to the fire at Mr. Scovill's druggist, that of Messrs. Davie & Co., from merchants and founders: that of Mr. Shillito, soap and candle factor; that of Messrs. Greaud & Sarran, hquor and wine merchants. The Safes all came out victorious, although surrounded by the most combustable material.

Having acquired all the late improvements, I dare say that my Safes are inferior to none made this side the mountains. As to the outer appearance, I combine nearness with durability. Thankful for past favors, a con innerion of patronage is kindly solicited.
